## Women artisans changing the world! MEET MAMAILA TEBOGO

## Primary Agriculture student (Waterberg TVET College)

A budding Agriculture entrepreneur, Mamalia who studied at Waterberg TVET College in Limpopo has blossomed in this male-dominated industry. She is passionate about working in this green industry amongst its numerous opportunities and challenges.

The valuable skills I have acquired in the Agriculture programme at Waterberg TVET College, has assisted me to secure a piece of land in my village. I produce crops like tomatoes, cabbage, spinach and others. During the Covid-19 pandemic it has been a good source of income. I encourage more woman to pursue in this exciting field because women are of vital importance to rural economies.

## Celebrating TVET Month

TVET month aims to encourage female students to enrol in TVET colleges for the 2021 academic year. For information on all 50 public TVET colleges, kindly visit: www.tvetcolleges.co.za

Applications for #NSFAS2021 Bursaries are now open. To apply, visit: www.nsfas.org.za Closing date for 2021 Applications is: November 30, 2020.
